Basic requirements for use of the 'Scewo BRO'

- Max. weight: 120 kg / min. weight: 40 kg
- Max. 1.90 m tall
- Age: min. 14 years
- Ability to transfer independently from a wheelchair to the Scewo BRO.
- Sufficient mobility of the fingers to operate a joystick.
- The cognitive and physical capability to operate and steer an electric wheelchair.
- The lap belt must be worn when in motion.
- The control stick is installed on the right side and can only be operated with the right hand.

Conditions and information

- Reservations are for a period of two hours at all times.
- You will be accompanied by a trained person throughout your journey around the museum.
- There is no auxiliary equipment on site to assist with transfer.
- There are no options for mounting auxiliary devices (e.g. ventilators) on the 'Scewo BRO'.
- The circuit around the National Museum has been checked intensively and found to be safe. The user must take care at all times and only negotiate obstacles that are graded as safe by the accompanying person.
- Where the instructions of the accompanying person are not followed, Scewo AG or the Swiss National Museum, National Museum Zurich, accepts no liability for damage.

By signing this document, the user confirms that his/her personal information is correct and that he/she has read and understood and agrees to the requirements, conditions and information set out above.

Please bring this form (completed and signed) and a copy of your valid identity card with you to your booked appointment.
